

## Ohio Teacher & Principal Value-Added & Demographic Data for 2025

The Value-Added Data is based on student performance on testing in grades 4-8 and end of course tests in high school. The information is reporting on completers with available data from 2021-2024.

**Table 1. Teacher Value-Added Data – 2025**

Total N = 14

Category	N	%
Light Blue	4	29
Green	9	64
Yellow	1	7

**Light Blue:** Significant evidence that the school/teacher **exceeded** the expected standard for academic growth.

**Green:** Evidence that the school/teacher **met** the expected standard for academic growth.

**Yellow:** Significant evidence that the school/teacher **did not meet** the expected standard for academic growth

Please note: There were no value-added scores for principals available for the past 3 years.

The Value-Added Demographic Data shows the types of schools Ursuline-prepared teachers and principals are serving in. Data represents the total number of completers in which value-added was reported for 2025.
