## Ohio Educator Preparation Provider Performance Report

### Ursuline College

---

#### Institution Profile

(Data Source: Ursuline College)

Ursuline College, a Catholic liberal arts institution, offers holistic education that transforms students for service, leadership, and professional excellence by providing undergraduate and graduate programs that foster lifelong learning and personal wisdom in an environment characterized by:

Catholic and Ursuline heritage  
Women-centered learning  
Values-based curricula  
Inclusive, global perspective.

The College's primary thrust is the education of women and men for roles of responsibility and leadership in society.

#### Education Unit

The Education Unit's Mission is to prepare educators who will meet the needs of their students and the communities that they serve. The College has built a reputation on its commitment to excellence in responding to the needs of educator preparation for careers and other opportunities in the field of education.

#### Report Overview

Ohio recognizes that high-quality teachers come from high-quality teacher preparation programs. To help improve the quality of educator preparation programs in Ohio, H.B. 1 of the 128th General Assembly directed the Chancellor of the Ohio Department of Higher Education to develop a system for evaluating Ohio's educator preparation programs (ORC section 3333.048).

The Metrics Report requirements were developed in collaboration with the leaders of both the public and private educator preparation programs. Approved Ohio Educator Preparation programs are required to complete the report between October 1-November 30, annually.  
Components of the Educator Preparation Reports

The Ohio Department of Higher Education works with the State Board of Education, the Department of Education and Workforce, and higher education institutions to collect data on the following identified metrics for the annual reports:

- Licensure Test Pass Rates
- Ohio Teacher Evaluation System (OTES) Results of Program Graduates
- Ohio Principal Evaluation System (OPES) Results of Program Graduates
- Value-added Data (EVAAS)
- Candidate Academic Measures Considered for Program Admission
- Field/Clinical Experiences
- Pre-Service Teacher Candidate Survey Results
- Resident Educator Survey Results
- Principal Intern Survey Results
- Principal Mentor Survey Results
- Resident Educator Persistence Data
- Excellence and Innovation Initiatives
- National Accreditation

**Ohio Teacher Evaluation System (OTES) Results for Ohio Teachers**  
**Prepared by an Ohio Educator Preparation Provider at Ursuline College**

Reporting period from September 1, 2022 to August 31, 2023.  
(Data Source: State Board of Education)

**Description of Data:**

Ohio's system for evaluating teachers (Ohio's Teacher Evaluation System) provides educators with a detailed view of their performance, with a focus on specific strengths and opportunities for improvement. The system is research-based and designed to be transparent, fair, and adaptable to the specific contexts of Ohio's school districts. Furthermore, it builds on what educators know about the importance of ongoing assessment and feedback as a powerful vehicle to support improved practice. Teacher performance and student academic growth are the two key components of Ohio's evaluation system.

Note that the data on this page is not a chronological view of evaluations. Rather, it's a view of the evaluations from that school year, showing four different cohorts of licensed educators. The most recently licensed cohort will eventually have more evaluation results in its second year as more educators find employment as teachers or principals.

**Limitations of the Ohio Teacher Evaluation System (OTES) Data:**

1. The information in the report is for those individuals receiving their licenses within the previous four effective years.
2. The teacher evaluation data in this report are provided by the Ohio Department of Education.
3. Due to ORC 3333.041(B), annual results must be masked for institutions with fewer than 10 completers with OTES data.

Completing Principal Preparation Programs at Ursuline College**

Reporting period from September 1, 2022 to August 31, 2023.  
(Data Source: State Board of Education)

**Description of Data:**

Ohio's system for evaluating principals (Ohio's Principal Evaluation System) provides building leaders with a detailed view of their performance, with a focus on specific strengths and opportunities for improvement.

The Ohio Principal Evaluation System (OPES) data reported here are limited in that the information in the report is for those individuals receiving their licenses within the previous four effective years.

An apparent dip in evaluations for the most recent "Initial License Effective Year" cohort comes from the perception that any given year's evaluation results are actually a chronological view of evaluations. Rather, it's a view of the evaluations from that school year, showing four different cohorts of licensed educators. The most recently licensed cohort will eventually have more evaluation results in its second year as more educators find employment as teachers or principals.

**Field and Clinical Experiences for Candidates at Ursuline College**

Reporting period from September 1, 2022 to August 31, 2023.

(Data Source: Ursuline College)

**Description of Data:**

Ohio requires that educator candidates complete field and clinical experiences in school settings as part of their preparation. These experiences include early and ongoing field-based opportunities and the culminating pre-service clinical experience commonly referred to as "student teaching." The specific requirements beyond the requisite statewide minimums for these placements vary by institution and by program. The information below is calculated based on data reported by Ohio Educator Preparation Providers.

<b>Teacher Preparation Programs</b>	
Field/Clinical Experience Element	Requirements
Require edTPA National Scoring from candidates in teacher preparation programs at the institution	N
Minimum number of field/clinical hours required of candidates in teacher preparation programs at the institution	450
Maximum number of field/clinical hours required of candidates in teacher preparation programs at the institution	450
Average number of weeks required to teach full-time within the student teaching experience at the institution	16
Percentage of teacher candidates who satisfactorily completed student teaching	100%

<b>Principal Preparation Programs</b>	
Field/Clinical Experience Element	Requirements
Total number of field/clinical weeks required of principal candidates in internship	9
Number of candidates who started internship	13
Number of candidates who completed internship	13
Percentage of principal candidates who satisfactorily completed internship	100%

**Value-Added Data for Students Taught by Teachers Prepared  
 by Ohio Educator Preparation Providers at Ursuline College**

Reporting period from September 1, 2022 to August 31, 2023.

**Description of Data:**

Ohio's value-added data system provides information on student academic gains. As a vital component of Ohio's accountability system, districts and educators have access to an extensive array of diagnostic data through the Education Value-Added Assessment System (EVAAS). Schools can demonstrate through value-added data that many of their students are achieving significant progress. Student growth measures also provide students and parents with evidence of the impact of their efforts. Educators and schools further use value-added data to inform instructional practices.

Limitations of the Value-Added Data:

1. The information in the report is for those individuals receiving their licenses with the previous four reporting effective years.
2. The value-added data in this report are those reported by Ohio's Education Value-Added Assessment System (EVAAS) based on Elementary and Middle School Tests (Grades 4-8) and End-of-Course Tests for high school credit.
3. For Educator Preparation Providers with fewer than 10 linked teachers or principals with value-added data, only the number (N) is reported.

## Ohio Educator Preparation Provider Performance Report

### Ursuline College

### Pre-Service Teacher Survey Results

Reporting period from September 1, 2022 to August 31, 2023.

**Description of Data:**

To gather information on student satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Department of Higher Education administers a survey aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. All Ohio candidates receive an invitation to complete the survey during their professional internship (student teaching). The results of this survey are reflected here.

**Ursuline College Survey Response Rate = 57.14%**

**Total Survey Responses = 8**

**Reflections on their Educator Preparation Program**

Reporting period from September 1, 2022 to August 31, 2023.

**Description of Data:**

To gather information on alumni satisfaction with the quality of preparation provided by their educator preparation programs, the Ohio Department of Higher Education administers a survey aligned with the Ohio Standards for the Teaching Profession (OSTP), Ohio licensure requirements, and elements of national accreditation. All Ohio Resident Educators who completed their preparation in Ohio receive an invitation to complete the survey in the fall semester as they enter Year 2 of the Resident Educator program.

**Description of Data:**

All educator preparation programs (EPPs) in Ohio are required to be accredited by either the Association for Advancing Quality in Educator Preparation (AAQEP) or the Council for Accreditation of Educator Preparation (CAEP). Accreditation is a mechanism to ensure the quality of an institution and its programs. The accreditation of an institution and/or program helps employers evaluate the professional preparation of job applicants.

**Teacher Residency Program**

Reporting period from September 1, 2022 to August 31, 2023.  
(Data Source: Ursuline College)

**Description of Data:**

The Ohio Resident Educator (RE) Program is a comprehensive, two-year initiative to assist beginning teachers with mentoring and professional development as they start their education careers. Requirements of the program include successful completion of two years of locally determined mentoring activities as well as the Resident Educator Summative Assessment (RESA), and it results in eligibility for professional licensure. The RE Program is designed to improve teacher retention, enhance teacher quality, and result in improved student achievement. Prior to the 2023-2024 school year the RE Program was a four-year initiative.

Data from this table capture a year-to-year snapshot of the persistence of Ohio Educator Preparation Provider graduates through the program. Corrections to prior year reporting may be captured in the current year's reporting. Data used to create this "snapshot" table are sourced not only from the current year's resident educator completion data results, but also prior year results because a Resident Educator may fail to complete all the program year requirements within the same academic year.

Some of the scenarios addressed in the design of the table are as follows:

1. A normal scenario, where a student is reported each year and is listed as completed. In this case, we include them in only the Entering/Persisting counts for the current year.
2. A scenario where a student is reported as entering one year, but not as completed, but then reported the following year as completing the previous year and current year. In this case, we include them in the Persisting count for the previous year, but not the Entering count. We also include them in the Entering and Persisting counts for the current year.
3. A scenario where a student is not reported for one year, but reported with records for the previous year and the current year the following year (both as completed). In this scenario, we include them in both the Entering and Persisting counts for both years.
4. A scenario involving a registration fluke where a student completes Year 1 of the RE program with an issued RE license, but not an effective or valid license until the following school year. For example, a teacher has all the qualifications for a full license, but completed Year 1 under a sub-license (in which the work is counted) and Year 2 under a RE license.

**Excellence and Innovation Initiatives**

Reporting period from September 1, 2022 to August 31, 2023.  
(Data Source: Ursuline College)

**Description of Data:**

This section reflects self-reported information from Ohio Educator Preparation Providers on a maximum of three initiatives geared to increase excellence and support innovation in the preparation of Ohio educators.

**Teacher Preparation Programs**

<b>Initiative:</b>	Dual Licensure Program
<b>Purpose:</b>	To meet the needs of students with learning or behavioral needs (grades K-12)
<b>Goal:</b>	To implement the program in the Fall of 2025.
<b>Number of Participants:</b>	0
<b>Strategy:</b>	The Education Unit received grant funding for Developing a Dual Licensure Program in Primary and Primary Intervention Specialist at Ursuline College. The Special Education (K-12) and Primary (P-5) Dual Licensure program is based on preparing candidates to teach in general education early childhood classrooms (P-5) and as Intervention Specialists to work in a variety of settings in order to meet the needs of students with learning or behavioral needs (grades K-12). Developing the dual licensure program is a two-year process. We are looking forward to implementing the program in the fall of 2025.

<b>Initiative:</b>	K-12 Reading Endorsement
<b>Purpose:</b>	To learn strategies and instructional skills needed to help students thrive as readers.
<b>Goal:</b>	Continue to offer reading courses leading towards the reading endorsement.
<b>Number of Participants:</b>	25
<b>Strategy:</b>	The first year of implementation of the asynchronous on-line reading endorsement has been well received by our Master Apprenticeship candidates and candidates outside of the college. With the new Science of Reading requirements, the enrollment for the on-line reading endorsement has been 25 candidates to date. We are looking at ways to recruit candidates from northeastern Ohio as well as all parts of the state of Ohio.

**Principal Preparation Programs**

<b>Initiative:</b>	Interview Night
<b>Goal:</b>	To prepare our students to be successful in the job search process when they are interviewing for a position and/or hiring potential employees.
<b>Number of Participants:</b>	22
<b>Strategy:</b>	To prepare our students for successful employment after they graduate, we designed a collaborative simulation experience involving our initial teacher preparation program (M.A.P.) with students in our educational administration program (M.A. Educational Administration). Teaching candidates from the M.A.P. program were paired with an interview team consisting of principal candidates from the M.A. Educational Administration program and participated in an interview simulation experience as part of the course requirements for their respective programs.
<b>Demonstration of Impact:</b>	Initial licensure students who were interviewed shared feedback forms with the Educational Administration students, with their interview team and completed an evaluation of the experience. Students have consistently shared that this is one of the best educational experiences they have had at Ursuline and it has helped them prepare for a successful interview process upon graduation.
<b>External Recognition:</b>	N/A
<b>Initiative:</b>	Robert Knisely: Lessons Learned From My Journey
<b>Purpose:</b>	An Evening of Reflection
<b>Goal:</b>	To provide fellowship and reflection by bringing together the undergraduate and graduate students.
<b>Number of Participants:</b>	40
<b>Strategy:</b>	The program focused on an issue relevant to our students' interests. Through a collaborative process, the students selected a topic based on the educational experience of our Education Administration Alumni, Robert Knisely, who was selected as the Ohio Association of Secondary School Administrators (OASSA) 2023 Principal of the Year.
<b>Demonstration of Impact:</b>	All student participants were asked to reflect on two or three "key takeaways" that they learned from the evening's activities.
<b>External Recognition:</b>	N/A
